About

The Flying Locksmiths (TFL) is a well-established security services company with a history dating back to 1946. Founded in Boston, Massachusetts, the company has grown into a national leader in commercial locksmith services and door security solutions. TFL specializes in a broad range of services, including traditional locksmithing, access control systems, security cameras, intercoms, and complete door installations and repairs. Key Services Offered: Commercial Locksmithing: Rekeying, master key systems, and high-security locks. Access Control: Installation of keyless entry systems, security cameras, and other advanced security technologies. Door Security: Complete solutions for door installation, repair, and hardware fitting, ensuring full integration of all security components. TFL operates in over 35 states across the U.S., catering to various industries including healthcare, education, retail, and government sectors. Their commitment to quality and customer service has earned them a strong reputation, with many customers highlighting their professionalism, punctuality, and fair pricing. Franchise and Growth: TFL began franchising in 2015, expanding rapidly due to the increasing demand for integrated security solutions. As of 2024, the company operates numerous franchises nationwide, offering entrepreneurs an opportunity to enter the growing security industry with a trusted brand. Company Culture and Leadership: The Flying Locksmiths is led by CEO David Lenhart, and the company is known for its focus on innovation and employee development. Technicians are highly trained, and the company emphasizes staying at the forefront of security technology advancements.
